NUMBER 24.

Packing Plant Proposition Ready For City Council

**A. O. Dwyer Asks for
Water and Light for 10
Years--Will Undertake
to Build \$500,000 Plant
and Employ 200 Men--
Asks No Bonus**

A. O. Dwyer, who proposes building a mammoth beef and pork packing plant in the east end, will be before the council this evening with a letter containing a proposition which he wishes to submit to the council.

Briefly, Mr. Dwyer asks for free water and light for the use of his plant for 10 years.

The property on which he proposes to erect his plant is not inside the city limits, being 2 1/2 miles east of the city hall, immediately east of the subdivision known as Rosedale.

Mr. Dwyer wants the city to put in a water main and a lead of poles to the grounds as early as possible and be in a position to deliver water and light not later than June 1st 1907. He asks for free service for 10 years, and at the expiration of that period will contract to take water and light from the city at the regular manufacturers' rates.

In return, Mr. Dwyer proposes to build a plant which will cost \$500,000, and employ 200 men, being the largest packing plant in Canada. He will supply his own sewer connection and all other improvements and asks no bonus, no financial assistance of any kind, nor is he asking anyone, locally, to take any stock. Right of way for the sewer main has been already acquired. It will be a mile and three-quarters long and will cost \$10,000.

In connection with the packing plant Mr. Dwyer proposes to establish a tannery and a woolen mill.

Mr. Dwyer asks for an immediate answer from the city as he wants to place orders at once for plant and machinery.

Mr. Dwyer has had many years of experience in the packing business in

Cleveland, Ohio. A forecast of his proposition was published in the Bulletin some two months ago, since which time Mr. Dwyer has been busy perfecting his arrangements. He has now reached the stage where he is prepared to enter into an agreement with the city council and proceed at once.

NOT A CANDIDATE

Washington, Nov. 12.—President Roosevelt has unequivocally declined to again run for president.

JAMES WILL TESTIFY

St. Paul, Nov. 12.—James J. Hill will be called on to testify before the federal grand jury here on the rebate cases which are to be tried soon. He is expected to disclose the practices of railroads and big shippers in this part of the country.

CHANGE IN THE PROGRAM

Chicago, Ill., Nov. 13.—Canadian reciprocity is to be the battle cry with members of congress from the northwestern states during the coming session of congress. This is the result of James J. Hill's speech before the Merchants' club here Saturday as well as a result of the recent elections.

TRIED TO WRECK A TRAIN

St. Paul, Nov. 12.—An attempt to wreck a southbound Great Northern passenger train was made this morning near Maple Plain, a short distance west of St. Paul. A heavy tie had been firmly fixed between the rails at a point where there is a steep embankment. The obstruction was seen in time to stop the train.

WAREHOUSES BLOWN UP

Nashville, Tenn., Nov. 12.—The warehouses of the American Shuff company at Edyville and Fredonia, Ky., were wrecked by dynamite last night. Bloodhounds followed the trail of the wreckers for ten miles into Caldwell City. Several months ago the warehouses of the company in the southern part of Kentucky were dynamited and the growers who sold tobacco to the alleged trust warned by the raiders.

CONSERVATIVE NOMINATIONS

Chatham, Nov. 12.—H. C. Clements, M.P., was nominated by West Kent Conservatives for the Commons and G. L. Sullivan for the Legislature. The latter nomination caused a great uproar and tumult, and the chairman could not control the meeting.

Misty Vision :

comes with advancing years, but can be cleared away by our properly fitting glasses.

Mrs. Meadows

129 Jasper Ave.

Boer Raiders

APPEARED IN CAPE COLONY.

Cape Troops Are in Pursuit, But the Raiders Are Still at Liberty.

Bulletin Special.
Cape Town, South Africa, Nov. 12.—The Colonial police force which is pursuing the insurgent party under the Transvaal Boer, Ferreira, got within five miles of the raiders, but the scarcity of water and the sandy country renders the chase difficult. The fugitives have gained several recruits.

London, Nov. 12.—The Boer raid in the northwestern part of Cape Colony occasions no anxiety in Government circles. The parliament secretary of the colonial office informed the House of Commons that the Government was taking all the necessary steps and did not think the assistance of the regular forces would be needed. The governor of German Southwest Africa, he added, had been requested to capture the raiders if they returned to German territory with a view of their extermination on charges of murder and theft.

FEMALE LABOR SCARCE

Toronto, Ont., November 12.—A number of manufacturing concerns report to this commissioner of industries that they are unable to secure a supply of female labor and the commissioner finds the complaints well-founded. He says departmental records show that the scarcity of female labor more readily than the factories. The manufacturers association have on several occasions directed attention to the scarcity of female labor, and it is probable that concerted action may yet be taken to meet the difficulty.

NORWAY'S KING IN ENGLAND

Bulletin Special.
London, Nov. 12.—King Haakon, Queen Maud and Crown Prince Olaf of Norway, who arrived off Spithead last night on board the British royal yacht Victoria and Albert, landed at Portsmouth this afternoon on a state visit to King Edward and Queen Alexandra with whom they will spend a week at Windsor Castle. A series of festivities has been arranged for their entertainment. The Prince of Wales welcomed King Haakon and Queen Maud on behalf of King Edward, after which the royal party landed and took train for Windsor.

DETERMINED TO DIE

Bulletin Special.
Roulin, Man., Nov. 12.—The body of Daniel Joseph was found on the C. N. R. bridge near here last evening. He had evidently been run over by a passing train. It is believed to have been a case of suicide. Three additional means of self-destruction had been provided in case the first failed. Beside the body was a coil of strong rope with a noose in the end. In the pocket was a packet of strychnine and the drop of 30 feet from the bridge to the ice below would probably cause death. The young fellow had been despondent for some time past.

Late Telegraphic Briefs

(By wire to the Canadian Grain and Stock Co.)
A wire from Armour's Chicago, reports frost in the Argentina.

A young man was killed this morning in the Raymond sugar factory by being caught in the belt of the machinery.

The C. P. R. has been ordered to reduce their rates in B.C.

Samuel Buchanan, of Birnie was found guilty of arson yesterday at Portage la Prairie.

David Joseph committed suicide last night near Robin.

The C.N.R. will establish a divisional point at Portage la Prairie. A large number of farmers attended the grain commission at Carman yesterday.

47 persons were burned in the fire attending the wreck of the B. & O. train at Woodville, Ind. and 40 others injured. The train was an immigrant one.

Two Men Killed

ON SOUTHERN PACIFIC.

Locomotive Boiler Exploded and Wrecked Station and Four Cars.

Bulletin Special.
San Jose, Cal., Nov. 12.—Two men were killed and another fatally injured and many passengers more or less shaken up and cut by broken glass when an accident last night to the southern Pacific Sunset Express south bound from San Francisco to New Orleans, opposite the depot at Sargent's station 97 miles south of San Francisco. The dead are Engineer Gillespie and Signal Construction Foreman Good-fellow and Fireman Garvey was badly scalded and both legs were broken. He will die. It is also believed that four or five tramps riding on the platform or underneath the first car were killed. The accident was caused by an explosion of the engine boiler the force of which blew the depot to pieces, tore up the track for a hundred feet on both sides of the place and turned over the first four cars of the train. The sleeping cars remained on the track and none of the passengers in the cars were hurt.

Manitoba Wants

ENTIRE DISTRICT OF KEEWATIN.

Ottawa, Ont., Nov. 12.—The provinces of Ontario, Saskatchewan, and Manitoba presented their memoranda today to the Dominion Government for the shares they expect of the unorganized territory to the north. Saskatchewan wants a north of Nelson river. Manitoba wants all Kewatin and Ontario wants to get as far west as Port Churchill.

Theatrical Circuit

IN PLAIN SIGHT.

Ernest Willis of Calgary, who is endeavoring to form an association of western theatrical managers for the purpose of establishing a circuit, has been spending several days in Edmonton recently looking into the situation here.

Mr. Willis announces that the theatrical circuit is in plain sight. He believes that by this time next year every town of consequence from Winnipeg to Vancouver will have a modern opera house and that a Klav & Erlinger circuit including some of the most meritorious productions on the American stage will be routed through the way.

On June 1st, Mr. Willis will take over the Lyric theatre in Calgary. A company has already been formed in Moose Jaw for the purpose of erecting a theatre there, and another is under way at Regina. All these three are in line for the trust circuit. Brandon already belongs to the Lyric circuit. The house which will undoubtedly come in when the time arrives.

Edmonton is the only town so far west of Winnipeg where Mr. Willis had no announcement to make. In fact the Calgary, Moose Jaw and Regina houses are said to be financed by a prominent western man.

As all this season's bookings on the big circuits are made in June of the previous summer, the whole proposition of a circuit will have to be worked out in the shape of the Queen's Birthday next year. Some interesting announcements on the local situation may be expected within the next thirty or sixty days.

THE ROSCIANS.

The advance sale of seats for the Roscians, which is on at Archibald's drug store, is going well, and it is evident that the company is going to play to good business during their week's engagement here. All arrangements for the comfort of the audience during the season are being made.

Miss Lucia Nola, the soprano of the Roscian Opera Company, who has made such a host of friends in Edmonton, will be heard to better advantage this visit than ever before. Two of the operas "Martha" and "Cavalleria Rusticana" which are among the list advertised, belong to the prima donna. This will probably be Miss Nola's last visit to Edmonton for some time, as she has engaged to go abroad next March. The entire repertoire of the company are presenting this visit & give more opportunity to the singing artist, Miss Nola, Mr. Walt R. Campbell, Miss Crowley and Miss Godfrey, will be heard to advantage in each opera.

The Plaster to use at any time should be Hard Wall Plaster

When the weather is getting cold you cannot afford to use any other. We carry the stock get our prices.

GORMAN, CLANCEY & GRINDLEY
Central Warehouse (Old Curling Rink)

St. Lawrence Gulf

SWEEP BY STORMS.

Shipping Lies in Shelter—Dominion Liner on the Rocks.

Bulletin Special.
Quebec, Nov. 12.—A severe storm is prevailing in the gulf and all along the river St. Lawrence, which has caused shipping to run for shelter. Nothing further is learned about the condition of the big Dominion liner Kensington, except that she is still hard and fast on the rocks, and the heavy sea raging all around her. All the steamers' passengers were taken off yesterday by the coasting steamer Gaspeian and the Government steamer Rouville, but up to the latest accounts nothing could be learned of the whereabouts of these steamers. The passengers have not been landed nor heard from, which is causing considerable anxiety, but is thought by experienced river men that these vessels have sought shelter until the storm abates.

Knew of Rake Off

WENT TO SOME ONE.

But Did Not Know Whom—Attorney General Campbell's "Services."

Ottawa, Nov. 12.—Premier Roblin and Attorney General Campbell, of Manitoba, were witnesses at the insurance commission today. Their evidence was not lengthy, but exceedingly interesting. Neither of the witnesses was subpoenaed and they appeared on their own account to make some observations as to the evidence of a former witness, A. W. Pritchard, who was an employee of the Manitoba government for two years, and who was private secretary to all the premier of that province. Premier Roblin made some explanations as to the evidence given by Pritchard but admitted that he sold the Swan river land and got \$500 by way of commission. The premier knew that there was 25 cents an acre going to some one else, but he could not say to whom unless Pritchard got it. The latter told him that he did not.

Attorney General Campbell admitted that he got \$1,000 about the time of the sale of the Carrot River land from Pritchard, but it was given him for services rendered. Asked to enumerate these services he said that he had written two letters to the Union Trust Co. to straighten out the sale and had received two or three telegrams in connection with the same. There were other services, but as they had no connection with the matter under review he would not say what they were, and the commission did not want to know. Both witnesses spoke disparagingly of Pritchard.

GOT HIS DESERTS.

Ottawa, Nov. 9.—In a report to the Department of Trade and Commerce, W. A. MacKinnon, Canadian agent at Bristol, says that the consignments of Canadian apples have given great satisfaction except in the case of one shipper, who has attained unenviable notoriety with Bristol dealers, and has given a black eye to his brand for the rest of the season. A consignment from this dealer realized only 2 shillings a barrel.

WOLVES IN THE WILDS OF ONTARIO.

Toronto, Nov. 9.—Wolves tread a man in a mill of the railway station at Burlington, in Algonquin park C. E. Hubbs, bookkeeper for Barak & Co., has written the department of lands, forests, and mines, asking permission to lay poison for these brutes and to carry firearms for his personal protection in the locality. J. H. Barritt superintendent of the reserve, states that wolves are very numerous. It is impossible that the preservation of game and the consequent abandonment of food wolves has increased the packs this season.

Placer Diggings

NEAR SASKATCHEWAN TOWN.

Further Prospecting Shows Area Much Larger Than First Reported.

Bulletin Special.
Malden, Sask., Nov. 12.—A man named Joyce, an experienced miner, who has been prospecting between Malden and Birling, arrived here today and reports having discovered rich placer diggings just east of this town. Samples brought in are similar to that found at Birling and it is possible that the gold belt will cover a much larger area than was at first reported. Great excitement prevails and people are rushing here in great numbers, many claims have already been staked and it is thought before the winter sets in many large companies will be formed to extensively operate the properties. Experienced miners who have visited the property state that the findings and formation are as rich as that recently discovered in Northern Ontario and will undoubtedly create a large influx of miners to the district. Malden is the most accessible railway point to the diggings.

BETTERING THE WATERWAY

Bulletin Special.
Sault Ste. Marie, Nov. 12.—Improvements to the Channel entrance at the Canadian canal in progress for the past two seasons, have now been completed and are materially aiding navigation. The channel has now a uniform depth of 21 feet, has had all obstructions removed and is widened by 75 feet.

SHIPWRECKED CREW RESCUED.

Halifax, N. S., Nov. 11.—The Norwegian steamer Phaedra, of Bergen, bound from New York to Miramichi, put into port on Saturday to land a shipwrecked crew of eight men of the barquentine Marion C. of Halifax, which was abandoned at sea. The barquentine was bound from Bridgewater, N. S., laden with lumber, and bound for New York. She encountered a hurricane shortly after leaving port, sprang a leak and after a day and a half at the pumps it was decided to abandon her. She sank some hours later. The captain and crew taking the ship's boat started in search of assistance and after 73 hours of hardship, they were picked up 100 miles off Sable Island. Two of the men had to be removed to the hospital. Hundreds of people to-day viewed the boat in which the crew remained for over three days. It was a regular ship's boat, about 22 or 25 feet long and 5 feet wide.

AMES GIVES EVIDENCE.

Toronto, Nov. 9.—A. E. Ames was a witness in the case of Charles McGill, ex-manager of the Ontario Bank, in the police court here this morning. The magistrate was surprised to learn that Ames could buy and sell stocks on margins. Mr. Ames said he had known of such cases before. He gave the item of \$15,000 appearing in the bank statement to the government as being owed by Ames & Co. and was not asked by the magistrate to commit McGill on the charge of making false returns to the government.

SOCIAL AND PERSONAL.

Mrs. Fardeau will entertain at the tea hour on Saturday.

Mrs. Williamson Taylor was the hostess at an enjoyable and progressive euchre party yesterday afternoon at her rooms in the Norwood Block. The prize-winners were Mrs. Joe Morris, Mrs. Hubbell and Miss Pryor. In the evening at a second euchre-party given by Mrs. Taylor the prizes were won by Mrs. Norbury, Mrs. MacPherson and Mr. Day.

Brown Defends

EAST END TICKET.

Claims That Representation is Not Properly Distributed and That Expenditures Favor West End of City.

Regarding the east end ticket, F. W. Brown of the Hub Cigar Store said this morning:
"I may as well admit that I am to a certain extent the father of the boom which has been started for a straight east end ticket. I have done a little talking along these lines. But at the same time the east end ticket would have to be popular or it would not catch on in the way it has done. I think the time has arrived when the east end should assert itself. If I had my way not a man west of First street would be allowed to plant a garbage destructor right in the middle of the residential section of the east end. They tell us that this garbage don't smell; that the plant will be a nice place—in fact an ornament. All right. Then we will locate the plant somewhere along McKay or Victoria. I think about a block from the new parliament buildings would suit."
"I notice on the plans for the new sewer system on which the city is spending \$200,000 and on which it is apparently going to foot away a hundred thousand or so more and which will probably get completed in time for the centennial of the city's nativity, I notice that 50 per cent of the laterals are to be laid west of First street. I notice also that 75 per cent of the population lives east of First street. As the confusian who does the washes would say, "what's a malle."
"Yes sir, we have the votes and the time has arrived when we are going to use them. We know where we want the street car line and sewers and paving done and we certainly should have a say in the direction of city's affairs."

Mr. Brown states that he is not a boss-crocker or a campaign manager, but he is into this movement in order to get justice for the east end. He has held property in the east end for four years and has paid taxes consistently and he thinks that as a rate-payer he is entitled to say a word in defense of his own interests.

IN BEDROOM FURNITURE

WE LEAD.

During the last few months we have been making selections of most artistic designs in Bedroom furniture, and now claim that we have the finest assortment of this class of Toronto—magnificent creations in Quartered oak, Bird's-Eye Maple, and genuine Mahogany, one especially swell suite in mahogany, is laid with brass; most important to those who wish to practice economy, is the fact that these goods are priced for a quick turnover. Come early and get your choice of this fine line.

Discussed and Condemned Proposed Location of Incinerator.

A large and enthusiastic meeting of the East end ratepayers was held last night in Ruddick's hall, Kinistino avenue. The meeting, as one speaker said, was a unanimous and spontaneous outburst of popular feeling against the proposal of the city council to establish the incinerator on the corner of Clark and Syndicate streets. The hall was jammed to the doors. The audience were unanimous on two points, namely, that the city needs an incinerator, but that the residential portion of the East end is not the place for it. Mr. Harlan was chairman and Mr. Alfred Brunell secretary. Several speeches were made.

Mr. Thomas Daly strongly opposed the proposal to place the incinerator on Syndicate avenue. He said the very name of the thing in any district was naturally detrimental to the value of property and made the place practically uninhabitable. It was not fair to establish it in a settled community for hundreds had purchased property in the locality and never dreamed that such an outrage would be perpetrated upon them by a body elected to protect their interests. The incinerator should be located beyond the city on less valuable property.

Mr. Patterson said the whole difficulty arose from absence of any one in the council who cared for the interests of the east-enders. The East end had no representative in the council. If the ward system prevailed such would not have been the case and the interests of the East end would have been sufficiently respected.

Mr. W. D. McPhail said that some one should interview the council. He believed the council did not appreciate the gravity of the situation. One alderman told him the incinerator company was largely to blame. They did not want the council to be dominated by any company.

Other speakers spoke in strong terms denouncing the scheme, among them Messrs. H. McAnett, Dr. McCauley, Namany avenue, M. Lafer, Cameron, Anderson, John Umbach and Paul Ruddick.

A committee was appointed to draft a suitable resolution and present it at this evening at the meeting of the council. The committee are Messrs Geo. L. Thompson, Thomas Daly, W. Letson, M. Patterson and Dr. McCauley.

A Bank's Success**The Country's Gain**

The management of this bank has from the first been actuated by a desire to contribute to the expansion of trade. The growth of industry, and general prosperity by facilitating the business relations of reliable business men. Its methods are profoundly conservative without being fettered by unnecessary conventions and sufficiently elastic to meet the requirements of a progressive community.

FIRE! FIRE! FIRE!

If you want a good fire, all glow, no ash, burn the best coal in the Northwest from the Humberstone Coal Mines.

SOLE AGENTS

THE UNIVERSAL COAL CO.

OFFICES—Corner Jasper and 2nd Street

LOCAL

—The C. N. R. is very active in having a large addition under construction.

—Mr. R. Kenneth of the Edmonton Fruit Co. has returned from a week's visit in Winnipeg.

—The Cable case in the supreme court was adjourned until December 11 to secure a missing witness.

—Agar Bros. new hardware store on Namayo avenue is nearing completion and will be opened about Dec. 1st.

—The examinations for the civil service began this morning in the science room of the high school. Principal Rea is presiding examiner.

—Mr. Meunier, who lives in 33-5-4, while deepening his well last week, bored through a vein of lignite coal 1-2 feet thick.

—Mrs. R. Heywood took out a permit this morning for a \$1500 house to be built on Lot 4, Block 16, River Lot 12.

—Arthur James has taken out a permit for a house to cost \$1,000 which will be built on lot 15, block 62, in Norwood.

—A meeting of the Woodmen of the World will be held at 8 o'clock tonight in Unity hall. All members are requested to be present.

—The young people of First Presbyterian church visited the young people of Knox church, Strathcona, last night upon the occasion of the latter. Four bus loads left the church.

—A meeting of the executive of the house to house visitation will be held at the First Baptist church on Thursday evening at 8 o'clock, for the purpose of settling the date on which the visitation will take place.

—Mr. Wm. White, 3rd vice president of the C.P.R. and R.R. Jamieson will arrive this afternoon from Calgary and will confer with the city council at 4:30 in the council room on the C.P.R. bridge project.

—At the police court this morning Julius Bingley, arrested last night by Officer Harris for drunkenness was fined \$1 and costs and James Moore, arrested by Chief Paterson, at the Royal was given the same fine. Two drunks yesterday also contributed to the city exchequer.

—The regular monthly meeting of the W. C. T. U. will be held at the McDougall Methodist church Sunday school room on Wednesday at 4:30 p.m. This will be a mother's meeting. A report of the W. C. T. U. annual convention recently held at Moose Jaw will be given. A full attendance is desired.

—The young men's club and the young people's society of Queen's avenue Presbyterian church held a successful concert in the church. A splendid program of choruses, recitations, solos and duets was given. Mr. W. E. Wilson also performed the duties of chairman. A vote of thanks was tendered to Miss Mathers, and Mrs. R. J. Gillis, to whose efforts the success of the concert was due.

—The Edmonton cricket club has decided to have a dance in the Thistle rink on Friday the 23rd inst. The new management of the rink has guaranteed that the hall will be properly heated for the occasion and the three furnaces now being put in will ensure comfort to all who attend. The ladies committee are arranging for a sitting out and card room for those who do not dance. The decoration and the supper are also being arranged by this committee.

—A meeting of the musically inclined will be held at All Saints school house on Saturday afternoon next for the purpose of considering the project of sending an amateur theatrical troupe to Ottawa to compete for the Governor-General's trophy. A small preliminary meeting was held on Saturday at Government house, at which preliminary steps were taken to prepare for the general meeting. Howard Stutchbury was appointed temporary chairman.

—The board of trade, which met this afternoon in the city hall, adjourned at 4:30 to give way to the conference of city authorities with Messrs. White and Jamieson re the C. P. R. bridge. The adjourned meeting will be held this evening in Secretary Fisher's office, Sandison block, at 8 p.m. Important business will be discussed at this meeting looking to the improvement of the market at Edmonton for all classes of farm produce. Mr. Thomas Daly has been looking into this question for some time and has some suggestions to offer.

SOCIAL AND PERSONAL.

Mrs. Scoble will entertain tomorrow afternoon at a card party.

Miss Jean McLauch, of Charlottetown, is the raison d'être of an informal dance to be given tonight by several members of the younger set.

Mrs. Lafferty, of Calgary, before leaving for the east for a visit of some months, is the guest of Mrs. Ewing. Mrs. Lafferty will remain in Edmonton for some weeks.

Principal and Mrs. Riddell entertained the choir of McDougall Methodist church at a musicale last evening in the principal's apartments at Alberta College. The guests were received in the reception room, passing on to the music room, where an altogether enjoyable evening was brightened with musical selections.

CITY NEWS**WHYTE MEETS COUNCIL.**

William Whyte, vice-president of the C. P. R., and R. R. Jamieson, superintendent of the western division, arrived in Strathcona by special train at 3 o'clock this afternoon and at 4:30 will meet the city council in the council chamber. A special meeting has been called for the occasion.

WILLIAM WHYTE COMING.

Mayor May received a telegram from Wm. Whyte vice-president of the Canadian Pacific Railway yesterday asking for a meeting with the city council tomorrow night to discuss and if possible arrange for the entrance to the city by the high-level bridge. Mr. R. R. Jamieson will be along with Mr. Whyte. The telegram did not intimate the nature of the proposition which will be submitted by the C.P.R. officials. Special notices are being sent out from the city offices notifying the aldermen that Mr. Whyte will be present.

EDMONTON HOCKEY LEAGUE.

A city hockey league was organized last night at a meeting held in the Alberta hotel. Delegates were present from the High School clubs, Printers and Intermediates. The league is limited to five teams, Strathcona intermediates made application to enter the league, which was granted upon compliance with the rules of the league.

The officers elected were: President, Mr. Moore, of Kelly & Moore; vice-president, "Deacon" White; secretary-treasurer, A. C. Gillespie, C. N. R. The executive committee will be composed of a representative elected by the respective clubs of the league.

A constitution was drafted which will be presented for amendment and ratification at the next meeting of the executive. The entrance fee for entering the league is \$5 per team. The league will be known as the Edmonton City League. The constitution provides that all referees shall be appointed by the president, who shall consider all protests against the referee and his decision shall be final.

LARGE INVESTMENTS.

The city council meeting to be held this evening will be one of the most important in the history of Edmonton. More big propositions are to be considered than ever came up at any one meeting before since the city was chartered.

The paving proposition alone would involve an expenditure totalling about \$200,000. With the paving goes the street railway proposition, involving an expenditure of another \$200,000.

At the same time the final adjustment with the sewer contractors will probably be reached this evening. This is another \$200,000 proposition which the city has under way.

Added to this there will be a request from Mr. A. O. Dwyer to consider his proposition to establish a packing plant, which would involve the expenditure of \$500,000 and, finally, Mr. William White, first vice-president of the Canadian Pacific, will be present to discuss the high level bridge proposition, a matter of \$1,200,000.

Altogether the council will have before it propositions involving the expenditure of close to two and one-half million dollars.

In other words, the money involved in the legislation which will come before the city council tonight is greater than the provincial estimates of Manitoba, Saskatchewan, Alberta or British Columbia for the year 1906.

YET ANOTHER DAILY.

The first number of the southern Alberta News, the latest daily newspaper to launch on the more or less uncertain sea of western journalism is to hand. It is published in Lethbridge, and is a continuation of the Lethbridge News, one of the oldest papers in the west.

The new daily is a six-column eight page. It publishes a pretty good supply of dispatches and plenty of local stuff gotten up in the proper crisp western style. From an advertising point of view it looks "phat" enough to justify its existence, and is a crowning mark of merit.

GUILD ENTERTAINS.

A large number of the young people of the First Presbyterian church, Edmonton, were the guests of the Westminster Guild in the Orange Hall last night. The hall was completely filled and few more enjoyable evenings have been spent with its value. The chair was occupied by Mr. Campbell, president of the local union, and the following program given.

Instrumental—Miss McCarthy.
Solo, Miss Carruthers.
Reading—Miss Montgomery.
Solo—Mr. A. Gibson; with violin accompaniment.
Solo—Miss Sward.
Recitation—John Down.
Instrumental—Miss Brown.
By an interesting method in which each person was given a line of some verse and required to find the holders of the other lines, groups were selected, and all became acquainted. After conversation refreshments followed and at half past eleven the Edmonton people departed by the buses for their homes.

MERCHANTS BANK OF CANADA.

Established 1864.

BUT!

Commenting on Mr. Alfred Mosley's endorsement of Mr. Chamberlain the Toronto News says: "Happy is the leader who has such a lieutenant." Yes, but what of "leader" Balfour, whose "lieutenant" Mr. Chamberlain was supposed to be?

THE INCINERATOR SITE

The proposal to establish the incinerator at the corner of Clara street and Syndicate avenue was greeted immediately by signs of very strenuous opposition from the ratepayers of that vicinity, and this opposition has developed in a manner which makes the necessity of selecting a new site a matter of certainty. Prominent residents, business men and property owners of the district have been uniformly outspoken in condemnation of the proposal, and in short, their general attitude is that their efforts will be employed to have the by-law rejected by the ratepayers should this be necessary to prevent the scheme being carried out.

This opposition is by no means an opposition to the establishment of an incinerator, but to its location in a residential district. That the city needs the incinerator and that its installation should not be unnecessarily delayed has not been questioned, and will probably not be questioned. The civic officials need have no fear that they are anticipating the readiness of the ratepayers to provide for the establishment of any of the utilities necessary for securing the sanitary condition of the city. But the fact that the ratepayers of a section of the city, while not questioning the need of the institution, are prepared even to postpone its establishment, indicates how strong are their objections to the proposed location. Whether or not such objections are well founded is of less consequence than the fact that they exist, and that they threaten to delay the establishment of a necessary public undertaking.

On the other hand, the site proposed does not appear to have any very considerable advantage over other available locations, and therefore there do not appear to be strong reasons why it should not be abandoned for another site. That the location selected is readily accessible to one of the most congested residential districts in the city is true, but if accessibility be of paramount importance other sites can be found that are much more accessible to the other thickly populated sections and which promise to be much more central to the city generally in future. That the city owns the proposed site is not an argument for its utilization as an incinerator site, because its sale as a factory or warehouse site would doubtless provide the funds necessary to secure an incinerator location elsewhere.

It would appear, therefore, the better course to reconsider the proposal and select a site sufficiently isolated that there would be no opposition to it. For if it is necessary that the incinerator be established without delay, it is not less necessary that whatever appears likely to delay its establishment should be removed. Such a site it should be possible to secure at or near the outlet of the new trunk sewer. It has long been understood that septic tanks would be installed there for handling the sewage, and against this understood proposal no opposition has developed. Presumably there would be no more objection to locating the destructor in the same locality.

THE LAND FOR THE SETTLER

(Toronto Globe)

The charge that the Laurier Government has departed from the policy of reserving the land for the actual settler in the sale of 388,571 acres of irrigation land to a company is obviously fictitious. This land is useless without irrigation, and that can be supplied only by a government work or by a wealthy corporation. The relative merits of Governmental and corporate irrigation may be regarded as a fair subject for discussion. There are arguments in favor of both methods, and we think that in view of the many uncertain influences surrounding every Government, and the instability of political management, the best plan is to make a good bargain with a private corporation. To favor by inference, as the critics of the Government are doing, the irrigation of this land by the individual settlers is nonsensical, as is also the charge that the Government is disposing of the land and granting irrigation privileges, has departed from the policy of the land for the settler. When the Liberals declared that all lands should be reserved for the settler, when the Liberals declared that all lands should be reserved for the actual settler common sense made it clear that it meant all land that the

actual settler could possibly use. The land under consideration was not available for the settler without the expenditure of a gigantic sum for irrigation, and it could not be disposed of except to a certain corporation willing to undertake the work.

Similar land has been disposed of in the same way to other powerful companies for similar uses. The chief purpose of the Government is to have it made available for use and settlement, and there is no other way to accomplish this desired result. This company in addition to the payment of one dollar per acre to the Government, for the land must spend \$1,000,000 on the irrigation works necessary to make the land fertile. The fact that the condition of the land entitled this obligation was the reason for reducing the price from three dollars to one dollar per acre. In making this bargain and securing the construction of irrigation works and the transformation of this otherwise arid tract into agricultural land by private enterprise, the Government adopted the best possible method for the district and for the Dominion at large.

In seeking to give the semblance of life to this charge it is estimated that the land has been sold too cheaply. The evidence adduced is the glowing prospectus which the company have circulated in Britain in appealing to the investing public. We sincerely hope the company will make a good profit on their investment, and that their venture will be abundantly successful, both to themselves as enterprising promoters and investors, and to those who will till the land when they have made it fertile. Such enterprises deserve success and those who begrudge it lack the spirit that is making this Dominion great. This and has had railway communication for twenty-two years without attracting the attention of investors. This is in itself a reply to the insinuations of dishonest collusion between the Government and the company. It is not in the interests of Canada that the tract should lie idle for another twenty-two years. The public profit by the price received, and far more by the settlement and cultivation of what might otherwise remain for years an arid waste.

SUPREME COURT CASES AT RED DEER.

At the recent sittings of the supreme court at Red Deer at which the Honorable Mr. Justice Scott presided, the following cases were disposed of:—

The King vs. Brymer. In this case the prisoner was charged with theft. The prisoner was convicted and sentenced to six months. Corbet L. Durie for the Crown; W. E. Payne, for defendant.

The King vs. Lehrman. Defendant, Frank Lehrman was charged with burning a building near the town of Lacombe. The jury brought in a verdict of "Not guilty." Corbet L. Durie for the Crown; P. J. Nolan, for defendant.

The King vs. Mulligan. Defendant Mulligan charged with attempted carnal knowledge of a girl under the age of fourteen. The jury found the defendant guilty. Sentence was reserved. Corbet L. Durie, for the Crown.

The King vs. Noeltz. Defendant charged with maiming and wounding cattle. Defendant found guilty and allowed out on suspended sentence. Corbet L. Durie, for the Crown; J. D. Hyndman for defendant.

The King vs. Stewart. Defendant, Stewart, charged with forgery. Case adjourned to next sitting of supreme court at Red Deer. Corbet L. Durie, for the Crown; P. J. Nolan for defendant.

The King vs. Larkins. Defendant charged with theft. Case adjourned to next sitting of court at Red Deer. Corbet L. Durie for the Crown; P. J. Nolan, for defendant.

The King vs. Wilson. Defendant charged with forgery. Defendant discharged. Corbet L. Durie, for the Crown; P. J. Nolan, for defendant.

In each of the cases of the King vs. Lindeberg and the King vs. Brymer a "nolle prosequi" was entered on the record at the request of the Crown prosecutor.

STRATHCONA LOCAL ITEMS

SUCCESSFUL ADVERTISEMENT.

Mr. Pote reported on the New Westminster exhibit, which had arrived in excellent condition. He had with the assistance of other gentlemen given much information to visitors. The exhibit had made a most creditable showing though, of course, Westminster fruit was far in excess. Many inquiries were made by people who wanted cheaper lands on which to live. With the exhibit and what he was able to tell many were induced to turn their attention to Alberta. He urged that steps be taken early to prepare for future exhibits. He understood that the Dominion exhibition would next year be in Calgary, and he urged that exhibits be made there as well as in Toronto, London and New Westminster. The vegetables were given to the Royal Victoria hospital and the grains to the different churches.

Mr. Malone asserted, from having seen the results of the New Westminster fair, that this kind of advertisement was of the best possible kind. A big point might be made, he thought, by giving the prices of the land where Alberta exhibits were given.

Mr. McDonald, of the Plaine dealer, advised what the previous speakers had said of the Strathcona exhibit. He suggested a much larger exhibit next season and pointed out that the British Columbia people had in many cases duplicated their best features. Literature for distribution would also aid those in charge of the exhibits.

CIVIC MATTERS.

Secretary Blain reported as a member of the delegation to wait on the town council re telephone question, extension of Saskatchewan avenue and the matter of the town charter. The telephone question was dependent on Edmonton, the advisability of Saskatchewan avenue extension was realized and the town charter would require some time yet for completion, as numerous city charters would have to be consulted.

Mayor Sheppard said the telephone question was still under discussion in both Strathcona and Edmonton councils. He explained the present situation as outlined in the Bulletin's report of last Tuesday's council meeting. "The council have about come to the conclusion," he said, "if suitable terms can be arranged with Edmonton that that city be given a franchise for a number of years."

After further discussion of the telephone question, on motion of Mr. McDonald, seconded by Mr. Arthur McLean, it was agreed that the town council be instructed to enter into negotiations with Edmonton with regard to granting them a franchise for a reasonable term or becoming joint owners if the system proves to be as good as it seems to be and suitable terms be agreed upon.

Mr. Malone reported that Mr. A. J. Webster had declined the offer of the land to him for a factory free site of two acres of land, five years' exemption from taxation and water at manufacturers' rates. He outlined a number of other properties that would be suitable for the purpose but he required \$5,000 loan or private subscriptions of stock if Strathcona people wanted the business in this city.

Mr. J. W. Cluff made an eloquent plea for the encouragement of industries in the town.

Mr. Sheppard said Edmonton had given inducements to Mr. Webster and he discouraged the taking of industries from a neighboring town. He thought there was plenty of ability and plenty of capital to start a

second woolen mill without interfering with neighboring towns.

Dr. Archibald did not favor offering such inducements as mentioned to Mr. Webster. The time would soon come when factories would be established without such inducements.

Mr. McDonald pointed out that the last proposal had not come from Mr. Webster, but from the people here. He would not agree to give more than a free site to any industry. With increased transportation facilities further inducements will be unnecessary.

A resolution, moved by Mr. McKinnon, and seconded by Dr. Hotsen, was passed, endorsing the offer of the council of the board of trade as already made to Mr. Webster.

Mr. Cluff said he had understood that the council intended building a new hospital in the wholesale district between Main street and West Railway street, south of Whyte avenue. This location he was decidedly opposed to.

Mr. Sheppard said nothing had been decided on and would not be until the people were consulted. This site had not been mentioned. He pointed out the necessity of a new hospital and thought municipal ownership was the only proper way.

A resolution urging the necessity of a new C. P. R. station at Strathcona, moved by Mr. McDonald and seconded by Mr. Arthur McLean, was carried unanimously.

After further informal discussion the meeting adjourned.

LOCALS.

The regular monthly meeting of the board of trade was held last night in the town hall. President Bush was in the chair and a good number of the members were present. The minutes of last meeting were adopted and the expenses of the visit of the Manufacturers' association, amounting in all to \$128.87, as well as other bills were passed.

A communication was read from the Edmonton board of trade enclosing a recent resolution passed by that board, asking for a high commission to investigate the fire insurance rates, which, it is alleged, are much too high on commercial risks. It was moved by Mr. Arthur McLean, seconded by Mr. T. P. Malone, and carried, that the resolution be endorsed.

There was excellent sleighing in Strathcona yesterday and many took advantage of the fine day for a drive. The upsetting on Whyte avenue of one cutter containing a gentleman and a lady attracted a number of spectators but the occupants were uninjured.

The members of Calgary Lodge, No. 31, Order of Elks, who came up Friday afternoon, left yesterday on return by private car attached to the regular train. All expressed themselves as delighted with their reception in Edmonton.

A woman was arrested on the street Saturday evening for drunkenness.

The adjourned case against six Edmonton men for causing a railway fire at Hay Lake, came up before Magistrate Connolly Saturday afternoon and resulted in three of the defendants being each fined \$25 and costs. The other three were dismissed. The plaintiff was represented by N. D. Mills and the defendants by Mr. Brown.

The new Methodist parsonage is about completed and Rev. Mr. Johnson will move in this week.

Hauling on the hills between Strathcona and Edmonton the past few days has been attended with much difficulty and in some cases cruelty to animals. This forenoon the ground was particularly hard and icy and only the sharpest shaggy horses could get a good footing. Other animals pawed away with heavy loads behind them, sometimes falling on their knees and frequently requiring the assistance of nearby teams before the steep incline

was surmounted. The driver of one heavy load had to leave it on a piece of bare ground where the sleigh had stuck while he took his horses to the nearest blacksmith and had them reshod. Another heavy load of meat went over the bank near the Edmonton Hotel and it was with great difficulty that it was again hauled to the road. A horse, with sleigh attached, left a farmer near the Alberta Milling Co.'s mills made its escape Friday night and up to latest report has not yet been found by its owner.

FLOATING STONE LAKE.

Floating Stone Lake, Nov. 6: We are having our first snow. Have had beautiful weather up to this time. This beats New York a little bit, as they had their first snowstorm Oct. 12, and a much worse one than this. P. Tomkins writes from Winnipeg that his mother is very ill with cancer of the mouth.

Fred Poirier has not been able to work for the past week.

Mr. Batty, Indian agent at Saddle Lake, passed through here Tuesday en route to Whitefish Lake. Threshing is being done on the Whitefish reserve at this time.

A Sunday school will be organized at this place, Sunday, Nov. 11.

Our mail service was bad as it was, the mail coming in after it had gone out for Edmonton, but now it is worse yet. The mail before this writing made connection at Saddle Lake, so that all mail from this part of the country left for Edmonton on Thursday. Now, by the new ruling, the mail from all over this part of the country gets into Saddle Lake Thursday night, and the mail leaves for Edmonton Thursday noon, leaving all mail mailed at any office beside Saddle Lake to be two weeks in reaching Edmonton in place of one as it was before.

Mr. Joy, who has taken a claim on section 32, has been building a house on his claim and boarding at Mr. Thomas McCullough's.

A supper was given by Mrs. Thos. McCullough on Nov. 6 in honor of Mrs. Greenstreet's birthday.

HILL WANTS FREE TRADE.

Chicago, Nov. 10.—James J. Hill was the guest of honor at a banquet of the Merchant's Club to-night and delivered an extended address upon "Chicago's interest in reciprocity with Canada." In the course of his lecture he recited figures showing that the trade with the people whom the United States will be able to reach by the construction of the Panama Canal, amounts to only about \$54,000,000 annually, while the United States trade with Canada is over \$200,000,000 per annum. He continued: "Whatever commercial policy confers the greatest benefits upon the whole continent will best advance the various parts and this city would receive and confer incalculable benefits under a more liberal trade convention. Canada will, in any event, and under its systems be opened up and highly developed; would it then be disadvantageous for us to share in the product of the fields of Manitoba, Alberta and Saskatchewan? The time is opportune for a practical movement towards better trade relations with Canada. There has been increasing irritation towards our attitude and already the fact that our average tariff against the Dominion is 43.5, while that of Canada against the United States is 34.3, causes concern and a general reprisal." In conclusion he pleaded for either free trade or ampler reciprocity between the two countries.

A Word to Women

Every woman may not be handsome, but every woman should keep with care the good points which nature has endowed her with. Sallow skin, dull eyes, a blotchy complexion—these no woman need have who pays proper attention to her health. Where constipation, liver derangement, blood impurities, and other irregularities exist, good complexion, bright eyes, and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the movements of the face. Headache, dark rings around the eyes, sallow skin, labored heavy movements, a surface. Headache, dark rings around the eyes, sallow skin, labored heavy movements, a surface. Headache, dark rings around the eyes, sallow skin, labored heavy movements, a surface. Headache, dark rings around the eyes, sallow skin, labored heavy movements, a surface.

A WOMAN WHO WAS AS YELLOW AS A GUINEA.

Mrs. A. TRAVE, of Grangely, says: "I got completely 'run down' in health, my strength went. I was constipated, had frequent headaches, and my skin became as yellow as a guinea. Food gave me pain, and hours upon hours have I laid awake at night quite unable to get any sleep, because of indigestion. I lost flesh and became quite wasted. Medicine did not seem to do me any good at all. One day bileans were recommended to me, and I decided to give them a trial. They did what other medicine had failed to do, and soon after I began to feel better. I felt an improvement. I commenced with them until they cured me. They cleared my skin, rid me of constipation, banished my headache, ended the indigestion, and made me well and hearty again."

BILEANS ARE A CURE FOR: headache, constipation, piles, liver trouble, indigestion, and all digestive disorders, female ailments, skin eruptions, biliousness, sick headache, bad taste in the mouth, flatulence, diarrhoea, wind pains, anæmia, debility etc. Obtainable from all druggists at 50 cents per box, or from Bileans Co., Colborne St., Toronto, upon receipt of price, 6 boxes for \$2.50. To obtain a free sample box, fill out this coupon and mail it, with full name and address and stamp (to pay return postage) to the Bileans Co., Colborne St., Toronto.

JAS. McDONALD, 43 Jasper Avenue
SOLE AGENT - - - - - OPPOSITE REVILLON'S

PLEASED WITH THE WEST.

Chicago Evening Post—Opportunity in the Canadian Northwest are painted in glowing colors by Henry Miller, 4629 Evans avenue, who has just returned from a tour of investigation in that region.

Mr. Miller went to the Northwest a few weeks ago after reading the speech of James J. Hill in Chicago. Mr. Hill lauded that part of the American continent as a place for men who had to work with hands and brains for a living. He advised workmen to get out of the cities and go to the Canadian Northwest, and he told the farmers in the old sections of the United States that they would be wise to leave their homes and strike out for the new lands.

"I came back fully convinced of the truth of Mr. Hill's assertions," said Mr. Miller today. "I looked over the country up there, and I admit that I never saw anything like it. Not only does it offer opportunities to the farmer, but it presents advantages to the business man of small means. Merchants are needed up there, and they will find business awaiting them."

"I visited the provinces of Manitoba, Saskatchewan, and Alberta, in the southern portions of which the great opportunities lie. This is the country that has sprung into great prominence during the last few years, following the discovery of the fact that wheat can be raised successfully there. I went to Brandon, Manitoba; Regina, the capital of Saskatchewan; Edmonton, capital of Alberta; Calgary, in Alberta, and various other cities. In all of these places I found the hotels so crowded that rooms could only be secured by giving several days' notice."

"In spite of the numbers of persons going to the Canadian Northwest to settle, only 5 per cent of the available land is under cultivation. A large percentage of the unsettled land is owned by the Canadian Pacific Railroad which is selling it out rapidly."

"Lands all through this country sell for comparatively low prices. Close to the towns and railroads the lands bring from \$20 to \$25 an acre, or higher in many instances. At a distance of eight to ten miles from the towns farms can be bought for \$8 an acre or less."

"Typical instances of what has been done in land investments might be related by the hour. At Regina certain business lots that sold two years ago for \$450 brought \$6,000 this fall. A farmer near Regina bought 220 acres in 1904 for \$23 an acre, paying only \$1,000 down. He spent \$900 in improvements, and this year he sold the place at \$35 an acre, clearing over \$6,000."

"Another farmer bought 160 acres in 1905, paying \$1,200, one fourth cash. On the land he raised 1,265 bushels of wheat, netting him \$685; oats that netted \$250 and flax that cleared \$50. This made a total profit of \$985. He has just sold his farm for \$3,200."

"Such instances will account for the rush of farmers and others for the Canadian Northwest. So far the class of people going there is exceptionally fine—English-speaking families of education. The country is growing so fast that the business interests cannot keep pace with it. Grocery stores, hardware stores, meat markets and similar industries are pressed to supply the demands. I found many opportunities for men to get into business for themselves—opportunities such as would be impossible in almost any part of the United States, especially in the large cities."

"Homestead lands still exist to some extent in this country, but it is not easy to find them. To take a homestead it is necessary to renounce allegiance to the United States and become a citizen of Canada. The great bulk of the settlers buy their lands. There is no restriction on settlement of this class."

"The railroad companies sell their lands on easy terms, so far as the length of time for payment is concerned, but the rates of interest are high, from our standpoint. Farmers pay from 8 to 10 per cent, but they pay it easily."

"The northern portions of the three provinces I have spoken of are still unsurveyed, but they offer opportunities for cattle raising, and many parties are being organized to penetrate these regions and squat on the lands until the surveyors get there. This is especially true of the Peace River Valley in the northern part of Alberta."

"One of the advantages of farming in the southern part of the provinces is that the markets are right at the farmers' doors. Everything that is raised is bought up quickly at astonishingly high prices. For instance, hogs which sold at 3 1/2 cents a pound two years ago now bring 6 cents. The same is true of other products."

"Many fortunes have been made up in that country. An example that might be mentioned is Patrick Burns, who lives in Calgary, and has made \$500,000 in the cattle buying business. I was surprised to find some of the cities I visited to abound in beautiful residences. Edmonton, especially, is a fine city, having all the advantages of cities of the United States."

States.

"About 80 per cent of the capital that has gone into this region has come from the states." The emigration has been large from the central and western states. Nebraska and Kansas have sent hordes of farmers who have found there twice as much on land there than at their old homes, and at the same time could buy the land much cheaper."

TEACHERS' CONVENTION AT PONOKA.

About fifty teachers attended the opening session of the Lacombe Teachers' Convention, held in the public school of Ponoka on Nov. 1 and 2. The convention was marked with enthusiasm throughout. Mr. McCuaig, of this city, was in attendance at each session.

On Thursday afternoon the convention opened with an address of welcome by the president, Mr. Thibault. Miss Sinclair and Mr. Ware dealt ably with different subjects, submitted to the convention for discussion. Mr. Ware's contribution was upon literature. The following day papers were read by Miss Porter, Mr. Marr, Miss Penfold, Miss Chandler and Miss McCann. Mr. Smith contributed a paper on Home Work.

On Thursday evening the trustee board and teachers of Ponoka entertained the visiting teachers at an "At Home," in the Royal Hotel. The programme of the evening was divided into two parts, the first consisting of promenades and the second of a miscellaneous character. During the promenades the teachers availed themselves of the opportunity of becoming better acquainted with one another.

Mr. Jackson, chairman of the school board, presided during the latter part of the evening, when addresses were delivered by Mr. Thibault, Mr. McCuaig, superintendent of Edmonton schools, and several clergymen. Mr. McCuaig expressed in glowing terms his faith in the educational progress of the province. He had much respect and appreciation for the teaching profession in the work they were doing.

The addresses were interspersed with music, both vocal and instrumental, one interesting feature being the rendering of several Scotch songs by Mr. Galletly.

At the final session the following resolutions were submitted by the resolution committee and passed:

"Resolved that section 155 of the school ordinance be amended so that the teaching year be fixed at two hundred days instead of two hundred and ten as at present."

"Resolved that whereas the present text-book on Canadian History is unsuitable for Western Canadian schools, this convention respectfully petition that an earnest effort be made by the Education Department to have a more suitable text prepared and authorized."

"Resolved that the Education Department be respectfully petitioned to authorize a suitable series of medial slant copy books."

"Resolved that in the opinion of the teachers of the Lacombe district in convention assembled, that it is expedient on the part of the provincial government:

1. To inaugurate as soon as possible a provincial university to answer present demands for an institution above secondary schools, as well as to foster a taste for higher education.

2. To make immediate provision for adequate revenue for a university by securing a liberal allotment of lands for that purpose.

3. It is further resolved that in the opinion of this body such departments as answer closely to immediate needs, such as scientific agriculture, mining, civil and railway engineering, should be those first established."

It was decided to hold the next meeting of the convention at Lacombe.

RALSTON'S BLACK BEAUTY COMBINATION SHOE POLISH

Will do more work. No matter how soiled, it will clean. Than any other polish on the market. 15c 25c and 50c worth it.

One trial will convince you. Ever think that all shoe polish is the same? Use a combination shoe polish—see the difference.

Stolen Pleasure

The children will show you the merits of Mooney's biscuits if you give them the chance.

Mooney's Perfection Cream Sodas

have made themselves famous all over Canada in a very short time. Crisp, inviting, tasty. Different from any other cracker you have ever eaten. Say "Mooney's" to your grocer.

SORE BACK

"The doctor told me my back was the worst he had ever seen," said Mr. Alf. Lillierapp, of Walthamstow, when telling of what Zam-Buk had cured him.

"It was covered with eruptions which came in the form of headless pimples, and itching until my back was one mass. The itching at night was so bad that at last I had to have my hands tied to prevent me scratching myself and making the eruptions bleed. I took internal medicines and tried various salves; but in vain. One night I read about Zam-Buk and bought a box.

Well I hardly know how to express my gratitude for the benefit I derived! That first box gave me relief and a few more cleared the pimples and eruptions from my body."

Similar eloquent testimony comes from Manitoba. Mr. R. J. Burgoine, of Harding, says:—"I had some very bad sores on my heel but Zam-Buk cured them in a few days. It also cleared my chest of an unsightly eruption."

ZAM-BUK NEEDED IN EVERY HOME. Zam-Buk should be in every home. It cures cuts, burns, bruises, scalds, chilblains, cold sores, chapped hands, etc. Heals ulcers, eczema, running sores, abscesses, may be safely applied to the delicate skin of babies and cures teething rashes. It also cures the pain of piles. It is given as an emulsion, and excellent for rheumatism and sciatica. All druggists sell it at 50 cents a box, or from the Zam-Buk Co., Toronto, upon receipt of price. 6 boxes for \$2.50.

L. F. ROY Send this card to the nearest drug store or to the Zam-Buk Co., Toronto, and you will receive a box of Zam-Buk free.

Western News

Preliminary steps have been taken at Regina, by the executive of the Agricultural Society for the inauguration of a provincial exhibition, which it is expected to hold next year. A committee has been appointed to wait on Hon. W. R. Motherwell to ascertain on what conditions the department will lend assistance, and after this conference a definite scheme will be undertaken. It is said there is a probability that the old association will have to dissolve and reorganize under the Joint Stock Companies' Act in order to get the government to co-operate, but this will not be definitely known until the minister of agriculture has been interviewed.

The first session of the new Presbyterian Synod of Saskatchewan opened last week at Regina with a large assemblage of ministers and elders. The moderator, Rev. John Leishman, presided.

The campaign for subscriptions to a Y.M.C.A. building in Regina has already shown a handsome profit. About \$60,000 have been subscribed, of which more than \$50,000 was contributed by business men, and over \$5,000 by young men of the city. The campaign will be continued aiming at a total of \$100,000.

Four cars of a freight train jumped the track about a mile south of Innisfail last week, causing a delay to the north and south-bound trains. None of the crew on the freight train were hurt.

The directors of the Innisfail Agricultural Society held a meeting on November 2nd. Matters relative to the organization of farmers will be considered at the next meeting, to be held on December 10th. A motion, proposing that the society hold a seed grain fair this winter was carried.

Voting on the bylaw to borrow \$25,000 for the purpose of erecting a new public school, in Innisfail district, resulted last Wednesday in the bylaw being carried. The vote was 29 to 7.

The young men of Innisfail are working toward the establishment of a club in that town, and a census for support and subscriptions is being organized by the committee in charge.

The finding of a human skeleton on the shore of Big Lake recently solved the mystery which has surrounded the drowning of Tom Jackson of High River a year ago. At that time the lake was dragged for the missing man, but all search was futile. The discovery was made by Mr. Ingie, a farmer, in the vicinity of Big Lake. The body was lying face downwards about

eight feet from the water, which the year. The position of the body indicated that poor Jackson had made a gallant effort to gain the shore, as he was only eight feet from the water's edge and caught in the long grass.

A large sugar beet grown by J. W. Jewell of Frankburg and weighing 8 1/2 pounds, is on exhibition in a High River office. Mr. Jewell, as a result of a careful experiment during the past season, claims that sugar beets can be most successfully and profitably produced in the High River district. The acre of beets cultivated by him will produce beets averaging 2 3/4 to 3 pounds. Something of a general interest has been created, and some residents of High River suggest the consideration of a sugar beet factory.

Large sales of cattle have been made on the ranges about Calgary, where the shipping stock is being rounded up.

Mr. George Clode, of Fernie, an old-timer, who was well known and highly esteemed throughout the Pass country, died suddenly last week. Mr. Clode died in the hospital at Fernie after chloroform had been administered to him and before the intended operation was begun.

A ROYAL WEDDING.

Prince Arthur of Connaught, whose visit to Edmonton during his Canadian tour last summer, is still pleasantly remembered, is to wed Lady Victoria Manners, daughter of the Duke of Rutland. Lady Victoria is a niece of Hon. Claude Manners, of Moscomin, Sask. For more than two years this attachment has been an engrossing topic in English society circles. The King, however, refused to sanction the engagement, and it was said that the diplomatic trips of the prince abroad were designed to divert attention from his little romance. This, however, proved futile, as the announcement of the prince's engagement to the lady of his choice shows.

The constancy of Prince Arthur to Lady Victoria has at last overcome the objection of King Edward to the proposed bride's lack of dowry, and

his royal uncle after two years of waiting has given his consent to the marriage.

For many months after the refusal of the King to give his consent except on terms exacted, Prince Arthur was with difficulty restrained by his royal relatives from renouncing all his rights to royal position and marrying despite his uncle's opposition.

The genuine affection shown by the young couple is reported to have aroused the King's admiration, and finding that all his plans for Prince Arthur's future were obstinately opposed by his nephew unless they included his marriage to Lady Marjorie, finally gave his consent to their union.

Lady Marjorie, who was born in 1883, is very pretty, and has been extremely popular in London society. She is a petite brunette, with piquant features and soft brown curly hair. She has been a favorite model for many great painters, and no girl of the present generation has been more painted than she. Her mother (best known as the Marchioness of Granby) has made pencil sketches of her in every position, and she has been sculptured in half a dozen poses.

WANT BOUNTY ON ZINC.

The subject of zinc duty and bounty has been engaging considerable attention in British Columbia for some time. Thomas Jones, works manager of the Canadian Metal Company, had this to say of it in Nelson recently:

"I do not think that there is any part of the mining industry which more deserves help than does zinc mining and reduction. When I first came into the country many of the Slocan mines which had mills, were letting their tailings go to waste down the streams. Under my earnest representations this ceased, and now the mills have mostly followed the example afforded them, at my suggestion, by the Slocan Star, and are saving their zinc and storing it for a market. The Slocan Star, to my certain knowledge, within five months after the alteration of its mill, sold its zinc savings for \$25,000, a sum very well worth having. The Slocan Star, owing to the present unfortunate litigation, is not running its mill regularly, and in consequence the same output is not now being maintained."

"There is no doubt," continued Mr. Jones, "that there is plenty of zinc in the country. Many a lead mine owner will tell you that he has four tons of zinc to one ton of lead ore. The question is to get a market for it. The situation is critical. There is a consumption in Canada of about 2,000 tons per annum. Japan needs from 3,500 to 4,000 tons yearly and China about half as much. As to the market in the United States, from that Canadians are entirely excluded, as it is perfectly protected by the import duty. Hence, although it is the highest market in the world, we cannot get access to it because of that duty. Now the Frank smelter, as renovated, will be able to handle about 30 to 40 tons of zinc ore daily, from which will be obtained about 10 to 15 tons of spelter, averaging 12 tons probably upon the present basis. This means a production of about 4,000 tons a year, or twice the requirements of the Canadian market. But were we bounty fostered, we could then enter upon the markets of the Orient, and compete successfully with the United States, and probably be able to market the whole of our product."

Mr. Jones stated that while the smelter of the Metal Company has been shut out temporarily, pending alterations, it shipped last month a first consignment of spelter, 46 tons in all, to Montreal.

GRAIN TRAIN WRECKED

Winnipeg, Nov. 9.—A twelve car grain train running from Brandon, was wrecked one mile east of Meadows, on the C. P. R., at 10 o'clock this morning, and seven cars were reduced to splinters, through the breaking of a wheel of a car in the middle of the train. Thousands of bushels of golden wheat burst its bonds and the roadbed was ploughed up as by a giant scow, while the rails for hundreds of yards were tied in bow knots. The train was in charge of Conductor Longhorne. Engineer Murdo Mackenzie was at the throttle. Fortunately no one was hurt.

THE GREAT WESTERN COAL FIELDS.

Ottawa, Ont., Nov. 12.—T. C. Dinis, of the geologic survey, in his report on the Western Canada coal industry, states that there are twenty well equipped collieries in Alberta and Saskatchewan, besides countless smaller mines supplying coal for local wants. In 1906 the production was a million tons of the value of over two million dollars. In eighteen years production had increased fourteen fold. The coal bearing areas of these provinces are placed at 65,000 square miles.

'Semi-ready' dress clothes are the highest expression of art in tailoring

THE best tailor in town makes only 3 or 4 dress suits in a year. They are novelties with him, and their style and making are pretty much an experiment. That is why so many gentlemen look like waiters when they put on dress clothes. The design of the Semi-ready dress suit is the work of a sartorial artist of the highest rank. The suits are tailored by men who do nothing else—they are specialists in the tailoring of dress clothes.

Semi-ready dress clothes are made of light-weight unfinished worsteds. The coat is delicately designed, as the parts are smaller than in any other style. The balance and lines are such as to show the figure at its best. The shoulders are broad yet natural form.

The Semi-ready dress suit is made with a longer lapel, rolling to within two and a half inches of the waist, with considerable convex on crease, and a softened point at bottom of lapel instead of the usual harsh point.

On account of the carefully designed lines, the coat adheres closely to the figure, the skirt is more sharply and sets smoothly over the hips.

The skirts are longer, tapering towards the bottom with slightly rounded corners. The illustration shows these lines. If you wear a dress suit at all, it should be correct in style and tailoring.

We would like to show you how simple the Semi-ready dress suit and tuxedo are. Will you call in?

Semi-ready Tailoring

The old Roman charioteers, and heroes wounded by wild beasts in the now ruined Colosseum at Rome, anointed their wounds with secret balms made from the roots and herbs of the field. Instinct tells us to rub a place that hurts, and in Zam-Buk, the great herbal balm, is found the ideal substance with which to rub. Zam-Buk differs from ordinary salves, ointments, etc., in the important fact that it contains no trace of any mineral substance, and is also free from animal oil or fat. It is composed of the finest herbal essences and juices, and is so refined that the most delicate skin can absorb it with beneficial effect. It is at one and the same time healing, soothing and antiseptic. It does more, does it better, and does it in less time than any other known balm.

Zam-Buk

ECZEMA, SCALP SORES AND ERUPTIONS CURED.

Mr. Henry Harvey, of Ottawa, Ont., says:—"I am glad to state that Zam-Buk in my case has done all it was recommended to do. I had some sores on the scalp which at times caused me such acute pain that I could not bear to touch the part. This continued for nearly two years, and I tried all remedies I tried. Zam-Buk was recommended to me and, after a fair trial, I am glad to report the sores are quite cured. I can strongly recommend Zam-Buk for scalp diseases."

Mr. T. Bull, of Oshkosh, Ont., says:—"I consider Zam-Buk splendid value. I have used it on Burns, Pimples, Cuts and Sores, and have found it to contain more healing qualities than any preparation used before, and can recommend it."

Mrs. Nellie Campbell, of Ixora, Ont., writes:—"I think Zam-Buk a splendid healer. I had a bad spot of Eczema on one of my fingers that bothered me terribly. I obtained a supply of Zam-Buk and, to my delight, it healed the Eczema very speedily. I shall keep a supply of Zam-Buk handy, as I think it such an excellent remedy. I would not be without it in the house."

WHAT ZAM-BUK CURES:
Cuts, bruises, burns, scalds, eczema, pimples, running sores, sore feet, poisoned wounds, festering sores, piles, bad legs, discolored soles, abscesses, boils, ringworms, sore backs, sprains, itchy, sore throats, hives, rashes, and all injured or diseased conditions of the skin. From all druggists, 25c per tin, or from Zam-Buk Co., 100, College Street, Toronto, upon receipt of price. 6 boxes for \$2.50.

FREE SAMPLE BOX.
Send this coupon with your full name and address and one cent stamp (per return postage) to the Zam-Buk Co., 100, College Street, Toronto, and a free sample box of Zam-Buk will be mailed you.

Telegraphic

WILL TRY AGAIN MONDAY.
Hamilton, Ont., Nov. 9.—The excitement over the street railway men's strike is apparently dying out. This was the sixth day of the strike, and was by far the quietest. The usual crowds that have filled the streets every night this week, were missing. The company will not make any attempt until Monday to operate its street railway system, and trouble is looked for then.

MANY LIVES LOST.

Chicago, Nov. 12.—A disastrous wreck occurred today on the Baltimore and Ohio railroad at Woodville, Indiana, about thirty miles from this city. The reports so far are conflicting, but the majority of them place the number of dead at five killed outright in the collision. Forty or fifty others were caught in the wreckage and burned to death and 25 were seriously injured. The majority of the killed and injured are emigrants. The accident is said to have been caused by confusion regarding a signal which allowed the emigrant train to pass a station while a freight train was approaching from the opposite direction. The two trains came together at full speed and the impact wrecked both of them completely. A number of the cars of the emigrant train were hurled over a ten foot embankment and immediately caught fire. Although every possible effort was made to rescue the imprisoned passengers from the wreckage, the flames spread rapidly, rendering it impossible in the majority of cases and it is certain that a score were burned to death before aid could be given them. It is known that five of the emigrants were killed outright, and the engineer of the emigrant train was so injured that his recovery is impossible.

Woodville is a small station about ten miles north of Valparaiso. A wrecking train was immediately summoned from the latter place. It was dispatched along the line for medical aid and every available physician was at once taken aboard and hurried to Woodville. The latest reports from the scene of the wreck state that the number of dead was only five, and that none of the emigrants were burned to death in the wreckage.

BOTH LANGUAGES ALLOWED.

Winnipeg, Nov. 9.—A most peculiar obstacle confronted the assize court in its efforts to effect an administration of justice, when for the first time in ten years' history of the eastern judicial district of Manitoba, the fact that dual languages still prevail in the Manitoba court of justice was forcibly exemplified. Charles Bernier, a Frenchman, residing in St. Boniface, was arraigned for trial for unlawfully wounding Theophile Rekyn, Joseph Bernier, counsel for the defence, held up to the court an unlooked for obstacle by demanding that as the accused conversed only in French, he had the right to have at least one half the number of jurors skilled in his mother tongue. After briefly consulting with the crown the court allowed the demand. Thereupon there ensued a still further difficulty, inasmuch as there were no Frenchmen on the present panel. When the assizes opened there were two French jurors, but as the Crown did not know of any cases where a mixed jury would be needed, they were excused and allowed to depart. His Lordship therefore issued an order that when a new panel of petit jurors was called on Nov. 22, the sheriff should call enough men skilled in the French language to get the necessary jury for Bernier's trial.

Diamond Dyes

Will Color Anything Any Color

The most wonderful helpers in the home to economical dressing are the DIAMOND DYES. They are so easy to use that even a child can dye a rich and perfect color with them.

DIAMOND DYES make faded and dingy dresses, blouses, capes, jackets, stockings, scarfs, laces, and draperies look like new.

Beware of dyes that claim to color cotton and wool with the same dye. It is impossible to get satisfactory results from dyes of that character. In DIAMOND DYES there are special dyes for coloring all cotton and mixed goods, and special dyes are made for all wool goods. Each of the DIAMOND DYE colors is guaranteed to give full satisfaction, when used according to directions.

Send to Wells & Richardson Co., Limited, 260 Mountain Street, Montreal, P. Q., for valuable dye Book and Card of Dye Samples; free to any address.

REVILLON BROS. LIMITED.

Every steel-plate range kept the kitchen broiling-hot until we found out just how to use asbestos to keep the heat in a cooking range where it must cook the food instead of cooking the cook. THIS range is a COOL, range-lined with thick asbestos, so the heat stays inside the range, so the oven bakes quick and bakes evenly. Food is better cooked quicker cooked and cooked for less fuel-cost, and cooked with less bother.

FOR CLEANLY COOKERY
Oxford Chancellor
BURNS WOOD OR COAL

Everything about it is clean. Asbestos has an outside guard so it can be emptied without fluffing ashes over everything; feed-door extra big to take in fuel without clutter and muss. And this range's draft-control is sensitive, easily-governed, brings a fire up quick or cools it down quick, easier to manage than you think possible. You couldn't make this range any more handy, any more serviceable, —it's all it any fuel, always on view.

Don't Forget the Main Point
In dairying is to make it pay. The more cream you can get, the more pay, providing you do your skimming at the smallest cost in time, labor and running expenses. You can make it pay most, with least trouble and smallest expense, by using the improved
U. S. Cream Separator
FRENCH CREAM CO., July 15, 1905.
"I purchased a No. 7 U. S. Cream Separator last April. I have only three cows, but since the 1st of April I have sold 67 1/2 bushels of cream. I find it everything that could be wished for. It runs very light and is a perfect separator.—U. C. GOEN."
Gets the Most Cream
and Holds World's Record for Close Skimming
A little figuring will prove to you that Mr. Goen couldn't average about 6 1/2 a year per cow unless he did get the cream.
Send for handsome booklet, No. 12, about "The Dairy—How to Make it Pay the Most." Free—send now for it.

ROSEDALE ! ROSEDALE !! ROSEDALE !!!
Being a new addition to the Western Doorway of the Dominion, Vancouver, B.C.
THE EASTERN LAND COMPANY, LIMITED.
After a thorough investigation, selected the present site of Rosedale as the nearest, most accessible and best situated piece of property for subdividing in or adjacent to the City of Vancouver. The key map shows its location, with Fifth Avenue, defining its northern boundary. Adjoining Rosedale on the east are 51 1-2 acres belonging to the Vancouver and Yukon Railway; while on its western limits is found a continuation of City lots, Ninth Avenue being one of the best known thoroughfares of the City; it passes through popular Mount Pleasant, westward, with the General Hospital, Normal and High School on the south, through Fairview until the well-known Ideal Suburb at Point Grey is reached.
ROSEDALE IS FINELY SITUATED. The index map will show its close proximity to a very large number of the leading industries of the City. With the very rapid development of Vancouver, it is safe to predict that it will form an important section of Canada's western metropolis.
Lots are now placed on the market for the first time at low prices and easy terms. All will prove a sure investment for homeseekers, as well as the man for a "turn-over." For particulars apply to the general agents for Rosedale. FOR EDMONTON,
PRICES:
Lots in Section XXXV.....\$130 per lot.
Lots in Section XXXVI.....\$125 per lot.
Lots in Section XXXVII and XXXVIII.....\$120 per lot.
Lots on Rupert and Renfrew Streets, \$25 extra.
Corners, \$25 extra.
TERMS—1-4 down; balance 1, 2 and 3 years. Interest, 7 per cent.
